

ESTD:2007

A Two-Day Symposium "Sci-Futura"

ON
"Fostering Science for Better Tomorrow"
ON
13th & 14th March, 2020

Registration Form

1. Name of the Student:
 2. Gender :
 3. College/Institution :
 4. Address :
 5. Branch :
 6. Mobile No. :
 7. E-mail Id :
 8. Events of Participation :
- Date Signature of the Candidate :

(Please mail the scanned copy of the filled registration form to the mail id thequest431@gmail.com by 7th March,2020)

A Two-Day Symposium

"Sci-Futura"

ON
"Fostering Science for Better Tomorrow"
To commemorate
National Science Day

ON
13th and 14th March, 2020

Organized by

"THE QUEST"
(The Science & Literary Club)

B.A. College of Engineering & Technology
Jamshedpur

About the College & Club:

B. A. College of Engineering & Technology (BACET) was established in the year 2007 to fulfill the country's large technical manpower requirement, in tandem with the main focus of MHRD, Government of India. BACET is a unit of Bihar Association, Jamshedpur and the institute is affiliated to Kolhan University, Chaibasa & Jharkhand University of Technology, Ranchi. It is approved by AICTE, New Delhi and is recognized by the Department of Science & Technology, Government of Jharkhand. The institute provides value-based knowledge and liberal and scientific education to budding engineers so that they can become professionals with a different competency and outlook to face the challenges ahead in every walk of life.

BACET is driven by the last golden word of Mahatma Buddha to his disciple Anand— *Appa Deepo Bhavah* (be a light unto yourself) and that is the motto of the college. The college is successively stepping forward to carve out its own prominence in the field of technical education.

The Science & Literary Club – "THE QUEST" is an effort by the Department of Basic Sciences & Humanities to encourage and ensure the quest towards scientific knowhow and parallelly enrich the minds of the young engineers to embrace the finer feelings of sensibilities and responsibilities towards the society. It is an endeavour towards a perfect sensible identity.

It is the responsibility of each and every individual to create awareness to protect and nurture the beautiful nature and employ science in an effective way. Let us come forward and join hands to make this world a beautiful abode.

Registration Fees:

The registration fees per student is Rupees 200/- and is to be paid on spot.
